

NE Umpiring C Award

Netball Europe's C award is entering a new phase. The written element of the award is going to be online which means that it can be taken at any time throughout the year and in the comfort of your own home.

Four countries are taking part in the Phase One release which commenced on 1 September 2019: Northern Ireland, Scotland, Wales and the Emirates.

Payment

Payment for this section of the award is through the country you're affiliated to and payment details can be found on your country's website.

How to apply

Application for the award will be via email at this address: netballeuropeca@outlook.com

Please provide these details in your email:

- Full Name
- Your country of affiliation
- Your affiliation number
- The date you paid for your award

Once these details have been received you will be sent an email informing you of the web address for the test and your password which will be valid for seven (7) days. If you do not take the test within those 7 days, your password will become invalid and you will have to reapply.

The OneFile System

When you log into the OneFile system, you will see the paper that has been allocated to you.

Once you log in you will have 30 minutes to complete a 30-question test which is divided into two separate sections. You must pass both sections to achieve a pass in the test. There is no clock on the screen – you are expected to time yourself.

True or False?

The questions are based on the current INF Rules Book and all require you to indicate if the statement you are seeing is True or False. The statement will provide you with all the information required to establish whether it is True or False.

You will not be able to proceed to the next question until you have answered the current question. You may not revisit any of the questions, you can only go forward.

Were you successful?

When you reach the end of Section One (25 questions), you will be informed if you have passed or not. If you have, you will then proceed to Section Two (5 questions).

If you have not passed, you will be offered the chance to retake Section One and the System Manager will be informed. As soon as you click your paper the second time, your 30 minutes start again.

Do not overthink the questions – they are simply either True or False.

Your test results will be displayed onscreen and the country through which you are affiliated will receive your results by email.

Good luck on the start of your Officiating journey!
